Created: 01/17/2006 09:10 am

Bug Id	Bug Status	Bug Created	Curr Version	App Component	Bug Resolution	Bug Desc	Release Notes
<b>Release Version: 3.1</b>							
168	RESOLVED	03/15/2005	3.0.25	*General Application	FIXED	Misc Notes on New Quotes	Can now create Ad-Hoc Bill for Quotations
126	RESOLVED	08/13/2004	3.0.25	*General Application	FIXED	Prompt for confirmation when going to a checkout status when balance is not zero	The application should prompt the user to make sure that they want to go to a checkout status when the balance is still not zero. Added a calculation to check for balance=0 of charges and receivables. Prompt for confirmation when that balance is not equal to 0.
167	RESOLVED	03/15/2005	3.0.25	*General Application	FIXED	New application time-out check	Internal Only
197	RESOLVED	08/03/2005	3.0.25	*General Application	FIXED	Validation for Certain Clients	Internal Only
187	RESOLVED	06/21/2005	3.0.25	*General Application	FIXED	Fix Late Deposit Data in Control Table	Internal only
198	RESOLVED	08/05/2005	3.0.25	*General Application	FIXED	Added reservation totals to check-in window	Added reservation and group reservation balances to the checkin window in order to show the users which reservations are not in balance. All non zero balances are shown in red, all zero balances are shown in green.
209	RESOLVED	08/22/2005	3.0.25	*General Application	FIXED	Checkin window (proc room_status.sql) is now slow	Internal Only
164	RESOLVED	02/08/2005	3.1.3	*General Application	FIXED	Add email address to the reservation search	There is a new email searching window on the main frame window.
98	RESOLVED	04/14/2004	3.0.20b	*General Application	FIXED	Create a Ad-Hoc Bill for quoting purposes	Can now create Ad-Hoc Bill for Quotations
217	RESOLVED	09/20/2005	3.0.25	*General Application	FIXED	Attaching Family Friends to Reservation	Can now add guests to a reservation. Can also print with the bill as well.
193	RESOLVED	07/25/2005	3.0.25	Customer	FIXED	Allow the user to set default customer statuses	There is a new tabpage which has 2 customer statuses that can be set. One is when any new customer is created this status will become the default status. The other status sets the customer status for quick reservations.
213	RESOLVED	09/08/2005	3.1	Customer	FIXED	Jumping from customer to reservation	Internal Only
225	RESOLVED	09/23/2005	3.1	Customer	FIXED	Customer Tabpage Menu Items on Reservation Pop Don't work	Internal Only
170	RESOLVED	03/21/2005	3.0.25	Database	FIXED	Update trigger on accounts receivable	Internal Fix Only
226	RESOLVED	09/24/2005	3.1	Database	FIXED	Voids not removed from Checkin Report	If a receivable was marked as void the check-in report still showed it. This is now fixed.
218	RESOLVED	09/20/2005	3.0.25	Database	FIXED	Convert Family Friends to new structure	Internal Only
223	RESOLVED	09/22/2005	3.0.35	Database	FIXED	Need indexes on New Family Friends Table	Internal Only
212	RESOLVED	09/08/2005	3.1	Email and Word Doc Creation	FIXED	Closing the email window when sending email	Closing the email window when it is sending email causes an error. This is now fixed.
163	RESOLVED	02/08/2005	3.0.25	Email and Word Doc Creation	FIXED	Canceling email threw error	The user was able to cancel an email while it was being sent to the SMTP server. If sending through comcast, it can take a while to send large documents. Also added a progress meter to the email window to show where it is in the process. The user can kill an email by closing the window. It will prompt to cancel.
162	RESOLVED	02/02/2005	3.0.25	Email and Word Doc Creation	FIXED	Allow bulk email to certain addresses	Users can now bulk BCC email their customers either by customer or by reservation.
169	RESOLVED	03/17/2005	3.0.25	Group Module	FIXED	Cancel procedure wrong for groups	Fixed cancel procedure for groups. Before, if you canceled a child from a group the group admin page would show -1 for rooms needed. This is now fixed and should work ok.

Bug Id	Bug Status	Bug Created	Curr Version	App Component	Bug Resolution	Bug Desc	Release Notes
<b>Release Version: 3.1</b>							
200	RESOLVED	08/12/2005	3.0.25	Group Module	FIXED	Added menu item to insert group customer names quickly	Can now update the list of customer names (room owners) in a group more quickly. 1. Open up admin group window 2. Go to the customers tab 3. Select a row on the grid that you want to enter new customer information for 4. Click on the blue runner icon on the menu bar. The only thing required is first, last and email address 5. Click save and close. 6. The customer name will be changed for that room in the group
214	RESOLVED	09/09/2005	3.1	Group Module	FIXED	Be able to checkout an entire group	Added code in the reservation tabpage which will change the status of all children at once. Right now, all children have to be checked in or out, but we could do mass update. Ask condition before doing checkin and checkout change on all children.
216	RESOLVED	09/09/2005	3.1	Group Module	FIXED	Add group report	New Group report showing rooms that are attached to a group
174	RESOLVED	05/06/2005	3.1.3	Group Module	FIXED	Changing customers won't save!!	Couldn't change customers on the group admin page. This is now fixed.
195	RESOLVED	07/29/2005	3.0.25	Maintenance Functionality	FIXED	Can now add new countries and state providences	The user can now add new countries and state providences in the motel preferences window
227	RESOLVED	10/11/2005	3.0.35	Maintenance Functionality	FIXED	Added Late Deposit To Maintenance Window	Added three fields for late deposits in the maintenance window. Can now update the signature on late deposits, the number of days to consider a reservation late, and the number of days the property will wait until closing out the reservation.
172	RESOLVED	04/22/2005	3.0.25	Misc Charges	FIXED	Rounding on Amounts in misc charges	Misc charge amounts were rounding on the display. This is now fixed.
201	RESOLVED	08/17/2005	3.0.25	Reports	FIXED	RPT_income_by_rate_type needs quotes removed	Internal Only
139	RESOLVED	09/24/2004	3.0.25	Reports	FIXED	Shift report question about extending stay	When extending a reservation the shift report shows it as an advanced deposit, when it really is not. Example: Person came in wed. paid in full on wednesday. extended their stay on friday and took money today. Payment is coming up in advance deposit column. This is really an extended stay. Put it in the checkin category and change the column heading to checkin/extension.
125	RESOLVED	08/13/2004	3.0.25	Reports	FIXED	Checkin report should show any checked in customers who have a non zero balance	Added a non-zero balance report at the bottom to the check-in report. Now any non-zero balances in the property will show up on the report at the bottom. Also, the checked-in reservations window shows all balance totals on it.
133	RESOLVED	09/07/2004	3.0.25	Reports	FIXED	New Checkout Report Request	Added A NEW REPORT "CHECK-OUT REPORT" WHICH SHOWS THE ROOMS CHECKING OUT, BY NAME, ROOM NUMBER, BALANCE ON THEIR RESERVATION (EVEN IF THE BALANCE IS ZERO).
179	RESOLVED	05/31/2005	3.1.3	Reports	FIXED	Need to remove all charges for quotes in reports	Internal only
166	RESOLVED	02/13/2005	3.0.25	Reports	FIXED	Shift report extra page printing	Shift report prints an extra page each time. This is now fixed.
178	RESOLVED	05/28/2005	3.1.3	Reports	FIXED	Check-in with money report drops off people who still owe money	Added a non-zero balance report at the bottom to the check-in report. Now any non-zero balances in the property will show up on the report at the bottom. Also, the checked-in reservations window shows all balance totals on it.
131	RESOLVED	09/07/2004	3.0.25	Reports	FIXED	Create a new group report	Added group list to the Guests tabpage and the customers tabpage on the group admin window. The user can now print the guest list. Groups will show which guest are in which rooms.
208	RESOLVED	08/19/2005	3.0.25	Reports	FIXED	Removing Reports from the Reports Table V 3.1	Internal Only
175	RESOLVED	05/06/2005	3.1.3	Reports	FIXED	Checkin with money not showing groups	Groups that had all the charges assigned to them didn't show correctly on the check with money report. This is now fixed.

Bug Id	Bug Status	Bug Created	Curr Version	App Component	Bug Resolution	Bug Desc	Release Notes
<b>Release Version: 3.1</b>							
207	RESOLVED	08/19/2005	3.0.25	Reports	FIXED	Put quick date range selector on most criteria windows	There is now a quick date selector on most criteria windows for the reports.
206	RESOLVED	08/18/2005	3.0.25	Reports	FIXED	Shift Report	Shift report was printing out a second blank page. This is now fixed.
205	RESOLVED	08/18/2005	3.0.25	Reports	FIXED	Report 37, Auto checkin had wrong criteria window	Report 37, Auto checkin had the wrong criteria window that didn't match the procedure. The old criteria window had a start and end date. Updated to use one start date.
204	RESOLVED	08/17/2005	3.0.25	Reports	FIXED	report 48 Cust Income Detail Chg ledger has -1	When pulling up report 48 the room number says -1, instead of "All Rooms." This is now fixed.
173	RESOLVED	05/06/2005	3.1.3	Reports	FIXED	Advance Deposit Reports	The advanced deposit report would show check-in reservations if the report was run on the same day as a check-in. Moved the start date from the current date to the day after the current day. This should also remove any accidental references to checked in customers.
203	RESOLVED	08/17/2005	3.0.25	Reports	FIXED	Report #17 Income Ledger Monthly	The heading of this report (Report #17 Income Ledger Monthly) when run from the application did not show the rate type correctly. It used to show the rate type id instead of the rate type description. This is now fixed. Updated the procedure.
202	RESOLVED	08/17/2005	3.0.25	Reports	WONTFIX	rpt_income_ledger_room is out of order	
194	RESOLVED	07/28/2005	3.0.25	Reservation Detail Tabpage	FIXED	Added Functionality to Reservations	Added the following enhancements to the reservation window: 1. Added a summary of the charges and receivables to the reservation tabpage, the misc charges tabpage and the accounts receivable tabpage. If a reservation is part of a group the child will show the parent's charges as well. 2. Added a quick insert for misc charges. The user will be prompted to add the same misc charge for all days of the reservation.
215	RESOLVED	09/09/2005	3.1	Reservation Detail Tabpage	FIXED	Be able to attach additional guests to room	Can now attach guests to rooms. They are also family friends.
199	RESOLVED	08/10/2005	3.0.25	Room Chart	FIXED	New features added to the Room Chart	The following features have been added to the room chart: 1. There is now a month, 2 month, and 3 month view of the chart. The longer durations are longer to retrieve 2. The column size and default chart length on the room chart can be set as preferences on the motel preferences window. Those preferences are stored in the registry for the current user. 3. When the tabpage is selected the chart will sort according to the motel preferences sort settings 4. When the user changes between two different chart lengths (ie: 2week to 1 month), the chart will sort according to the motel preferences sort settings 5. If any reservations are on hold a red warning will appear on the top of the chart and stay there until the hold is cleared 6. The user can change the column sizes in order to view more on the screen 7. The splitter bar was removed and another small datawindow appears on the left that shows only the room number and room type. The old splitter was sloppy.
<b>Release Version: 3.1.2</b>							
241	RESOLVED	12/02/2005	3.1.1	*General Application	FIXED	Fixed Reservation End Date On Reservation Search Page	On the reservation search page (hand picker) there was a field called "reservation end date" That should have been replaced by the check-out date. It is now the actual check out date.
239	RESOLVED	12/02/2005	3.1.1	*General Application	FIXED	Put implicit saves on some tab pages	From the reservation popup window (window that pops up from the chart), there is an implicit save on the each of the tab pages. From the reservation admin window (hand picker window), there is an implicit save too.
236	RESOLVED	12/01/2005	3.1.1	Bill Tabpage	FIXED	Guest List Shows for Bills when Switch is Turned On	Added switch on maintenance window to determine whether or not to show guest list with bills.

Created: 01/17/2006 09:10 am

Bug Id	Bug Status	Bug Created	Curr Version	App Component	Bug Resolution	Bug Desc	Release Notes
<b>Release Version: 3.1.2</b>							
230	RESOLVED	10/21/2005	3.1	Bill Tabpage	FIXED	Additional Guests show room type too long	Internal Only
237	RESOLVED	12/01/2005	3.1.1	Customer	FIXED	Require Email Address if Switch is On	If the "require primary email on newcustomer" switch is set then when every new customer is created the application will ask the user for an email address. If not, the application will allow empty values. Also, added the switch to the misc maintenance tab page.
238	RESOLVED	12/01/2005	3.1.1	Email and Word Doc Creation	FIXED	Can do a manual FTP push for Confirmations	When opening up the email window there is now a checkbox which allows the user to push the attachments to the ftp server. The box will stay checked each time if the user has the FTP confirmations enabled switch turned on in the preferences maintenance window.
233	RESOLVED	11/07/2005	3.1	Email and Word Doc Creation	FIXED	Added functionality to FTP confirmation files to server	Can now FTP confirmations to a server when emailing. Will handle when customers have a hard time getting attachments.
235	RESOLVED	12/01/2005	3.1.1	Maintenance Functionality	FIXED	Added new Tab Page On Maintenance	Added Misc tab page on the maintenance window to handle other types of settings. For example, added a show guest list question.
240	RESOLVED	12/02/2005	3.1.1	Room Chart	FIXED	Added a room chart only window	This window has only the room chart on it, but has all the functionality for the room chart from the regular window.
<b>Release Version: 3.1.3</b>							
242	RESOLVED	12/30/2005	3.1.2	*General Application	FIXED	Timeout Functionality	Internal Only
