

Axis Property Manager Release Notes for Release

Created: 09/19/2007 12:54 pm

Bug Id	Bug Status	Bug Created	Curr Version	App Component	Bug Resolution	Bug Desc	Release Notes
Release Version: 3.2.1							
254	RESOLVED	01/28/2006	3.2.0	Bill Tabpage	FIXED	Be able to print to a double windowed envelope	We can now print to a double windowed envelope. There is a new value in the preferences page "Other Preferences" that will allow the user to select the type of bill to print to. If the values are changed the user needs to close the reservation windows in order to refresh. They will also have to realign the logo with the Logo tabpage in the preferences. Batch confirmations should work as well without a problem.
Release Version: 3.2.2							
256	RESOLVED	02/27/2006	3.2.1	Bill Tabpage	FIXED	Confirmation shows country field in state field	
273	RESOLVED	03/24/2006	3.2.1	Reports	FIXED	Reports with 2 digit days throws SQL error	
Release Version: 3.2.2.1							
323	RESOLVED	07/27/2006	3.2.2	Condo Module	FIXED	Batch Printing Doesn't print for non-month printing	
429	RESOLVED	01/26/2007	3.2.3	Reservation Detail Tabpage	FIXED	Choosing starting date for package not entirely correct	
Release Version: 3.2.3							
345	RESOLVED	08/03/2006	3.2.2	*General Application	FIXED	Added a new password changing window called user preferences	Added a new password changing window called user preferences
410	RESOLVED	12/29/2006	3.2.2	*General Application	FIXED	Add aging list/window to show what reservations are late	There is a new late deposits window which will show reservations that are specified with a deposit that are late. This is different from the late deposits report. This report/window works off of the deposit due date. If the deposit amount is not met the report shows how old it is. The user can cancel each reservation on the window without having to open each one up one at a time.
283	RESOLVED	04/04/2006	3.1.3	Bill Tabpage	FIXED	Need to show the deposit amount on the bill	Dup
165	RESOLVED	02/11/2005	3.0.25	Bill Tabpage	FIXED	Allow the application to be able to generate different logos on bills	Implemented
409	RESOLVED	12/29/2006	3.2.2	Bill Tabpage	FIXED	Property name and website are added the bills	Property name and website are added the bills. Users can specify the property on the reservation detail tabpage and the website on the property tabpage in motel preferences window
415	RESOLVED	01/03/2007	3.2.3	Condo Module	FIXED	Removed Deposits from Condo Owner Status Report	Removed Deposits from Condo Owner Status Report because they were causing confusion.
389	RESOLVED	11/02/2006	3.2.2	Create Reservation	FIXED	Multiselecting rates when creating a reservation.	The user can now select multiple rates when creating a reservation. This will allow packages and daily rates to be picked much easier and allow daily-package combos to be selected easily.
156	RESOLVED	02/02/2005	3.0.25	Group Module	FIXED	Create a quick customer entry for groups	Added in administering group reservations window
255	RESOLVED	01/28/2006	3.2.0	Maintenance Functionality	FIXED	Added tabpage to update property information	Can now have multiple properties as well. See motel preferences tabpage.
280	RESOLVED	04/04/2006	3.1.3	Rates	FIXED	Show packages that are shorter than duration	Works with the new rate selection. Make sure durations are updated correctly on rate durations tabpage on motel preferences window
406	RESOLVED	12/29/2006	3.2.2	Rates	FIXED	Allow the user to delete rates	Users can now delete rates that are not being used anywhere else in the application
407	RESOLVED	12/29/2006	3.2.2	Rates	FIXED	Allow user the ability to copy a rate for all remaining room types	Users can now copy a single rate and duplicate it for all the remaining room types in the rates window

Axis Property Manager Release Notes for Relea

Created: 09/19/2007 12:54 pm

Bug Id	Bug Status	Bug Created	Curr Version	App Component	Bug Resolution	Bug Desc	Release Notes
Release Version: 3.2.3							
282	RESOLVED	04/04/2006	3.1.3	Rates	FIXED	Allow the user to multiselect rates on the rate window	Dup

Release Version: 3.2.4							
435	RESOLVED	02/02/2007	3.2.3	*General Application	FIXED	Check-in window handling retiring rooms	Check-in window will not allow the user to retire the room. That can only be done in the room admin window.
459	RESOLVED	03/27/2007	3.2.3.c	*General Application	FIXED	Fixed late deposits window	Can now sort, refresh and cancel on the late deposits window. It will only show data for Hold for Deposit and Deposit Overdue statuses

Axis Property Manager Release Notes for Release

Created: 09/19/2007 12:54 pm

Bug Id	Bug Status	Bug Created	Curr Version	App Component	Bug Resolution	Bug Desc	Release Notes
Release Version: 3.2.4							
422	RESOLVED	01/16/2007	3.2.3	*General Application	FIXED	Slowness problems using VPN	Performance Issues fixed when using remote access. The application was slow in places when using VPN. This is now fixed.
480	RESOLVED	04/09/2007	3.2.3	*General Application	FIXED	Created all new icons for the application	Implemented
479	RESOLVED	04/09/2007	3.2.3	*General Application	FIXED	Logging on and off with different user privileges limited the frame menu icons.	If a user with a lower security setting logged off and a user with a higher security setting logged on the frame menu wouldn't show all the icons and the user had to stop and restart the application. This is now fixed.
189	RESOLVED	06/21/2005	3.0.25	Condo Module	FIXED	Generate Letter for Owners	The condo owners will now receive a copy of the email confirmation whenever their room is rented
441	RESOLVED	02/13/2007	3.2.3.c	Customer	FIXED	Close the customer window when creating a new reservation	The customer window now closes after creating a new reservation for a selected customer
439	RESOLVED	02/13/2007	3.2.3.c	Customer	FIXED	Email Icon doesn't work when using reservation admin	Email Icon now works on the reservation admin page
461	RESOLVED	03/27/2007	3.2.3.c	Customer	FIXED	Creating reservation from customer window now closes customer window	Implemented
460	RESOLVED	03/27/2007	3.2.3.c	Customer	FIXED	Added room number and room type to customer reservation tabpage	Implemented
452	RESOLVED	03/16/2007	3.2.3.c	Customer	FIXED	Added short cut right click to zip fields in customer window	Can now right click on zip code fields in customer window to quickly select a zip code
481	RESOLVED	04/09/2007	3.2.3	Email and Word Doc Creation	FIXED	Can now create custom reservation and customer letters and attach them to emails.	The user can now create custom MS Word letters and substitute data fields into them. The customer letter data fields are the basic name and address fields. The reservation fields handle most of the reservation data. Exnelo will provide instructions for how to implement this new module
138	RESOLVED	09/23/2004	3.0.25	Email and Word Doc Creation	FIXED	Opening and closing word after application is running causes problem	Opening and closing Word should not affect what Axis is doing now.
430	RESOLVED	01/30/2007	3.2.3	Group Module	FIXED	Inserting new group receivable row kills app	Fixed
297	RESOLVED	04/28/2006	3.2.1	Reports	FIXED	Convert Statement Doesn't handle year correctly	All Fixed
465	RESOLVED	04/02/2007	3.2.3	Reports	FIXED	New Late Deposits Window Doesn't show deposit overdue	Implemented
451	RESOLVED	03/16/2007	3.2.3.c	Reservation Detail Tabpage	FIXED	Inserting a new car throws "Value required"	Fixed
468	RESOLVED	04/04/2007	3.2.3	Room Tabpage	FIXED	Now Able to Retire Rooms	Can now retire rooms from the room admin window. Only rooms that have no reservations from the starting point of the retiring time can be retired. This means you can't retire rooms that currently have reservations assigned to them in the future.
Release Version: 3.2.5							
376	RESOLVED	09/20/2006	3.2.2	Email and Word Doc Creation	FIXED	Send email to condo owners each time there is a reservation	Implemented
Release Version: 3.2.5b							
490	RESOLVED	05/15/2007	3.2.4	Reports	FIXED	App Blows up when printing on w2k hp2600N	

Axis Property Manager Release Notes for Release

Created: 09/19/2007 12:54 pm

Bug Id	Bug Status	Bug Created	Curr Version	App Component	Bug Resolution	Bug Desc	Release Notes
Release Version: 3.2.6							
405	RESOLVED	12/12/2006	3.2.2	*General Application	FIXED	Archiving Function (delete old/test data)	Can now delete test data. If for some reason there are reservations which need to be removed from the system because they are incorrect, etc, a new window gives the ability to bulk remove them. Only users with "Owner" status can open the window from the main frame. Each reservation listed will show the full details plus all the combined receiveable types. As each row is selected a total at the bottom will reflect what total dollars, reservation counts, etc are being selected for deletion. When selecting Ok the user will be prompted two times that the data will be deleted.
491	RESOLVED	05/17/2007	3.2.5	*General Application	FIXED	Owner Email Switch	Need a switch to turn off owner email BCC automatically. This is now set in the Condo Preferences
Release Version: 3.2.6a							
520	RESOLVED	07/13/2007	3.2.6	*General Application	FIXED	Added toolbar menu to frame	
517	RESOLVED	07/13/2007	3.2.6	*General Application	FIXED	App Crashes when selecting create reservation icon after delete test data window is opened	
519	RESOLVED	07/13/2007	3.2.6	Email and Word Doc Creation	FIXED	"Force FTP of Documents Now" checkbox on blast email needs to be removed	Removed.
Release Version: 3.3							
545	RESOLVED	09/11/2007	3.2.4	*General Application	FIXED	Label type datawindows can not be sorted with the PFC sort function	Internal Only. Fixed
555	RESOLVED	09/17/2007	3.2.4	Customer Search	FIXED	Customer Search Can Now Use Country	Fixed
557	RESOLVED	09/18/2007	3.2.4	Reports	FIXED	Check-In Report Shows Wrong Heading	When selecting the "Show Checked-in Customers On List?" the report displayed the opposite action. The report data was correct, but the title was wrong where it would say, "Customers already checked-in are included".
556	RESOLVED	09/17/2007	3.2.4	Reports	FIXED	Added filter and sort to reports results	Can now filter and sort report results on the reports screens.
546	RESOLVED	09/11/2007	3.2.4	Reports	FIXED	Add folio/rid to check in report	Added rid to check in report
543	RESOLVED	09/10/2007	3.2.4	Reports	FIXED	Add sort to the mailing labels report	
542	RESOLVED	08/27/2007	3.2.4	Reports	FIXED	Commission Report Divide by Zero Problem	The report throws an error when the data has no reservation charges but has valid receivables against it. Shouldn't happen in the first place, but the divide by zero error gets thrown.
521	RESOLVED	07/13/2007	3.2.4	Reports	FIXED	Add room number to shift report	Added it
501	RESOLVED	06/19/2007	3.2.4	Reservation Detail Tabpage	FIXED	Reservation Window Change Text from Cust Info to New Cust	When creating a new reservation we changed the icon from Cust Info to New Cust to make clearer.
500	RESOLVED	06/19/2007	3.2.4	Reservation Detail Tabpage	FIXED	Change "Change Customer" button to "Find Customer" on new Reservations	Done
