# Axis Property Manager Release Notes for Release 4.1.0

Created: 03/22/2010 04:53 pm

Bug Id	Bug Status	Bug Created	Curr Version	App Component	Bug Resolution	Bug Desc	Release Notes
<b>Release Version: 4.1.0</b>							
1134	RESOLVED	11/04/2009	4.0.5	*General Application	FIXED	Fix trigger on customer auto and automatically delete any cars attached to reservations	Fixed
1133	RESOLVED	11/04/2009	4.0.5	*General Application	FIXED	Check numbers pop-up window doesn't set focus to the check number field when opening up	Fixed, now sets the check number column as default and highlights it
1137	RESOLVED	11/05/2009	4.0.5	Email and Word Doc Creation	FIXED	Email Window Now Remember Last Greeting Sent	The email window now allows the user to select different types of greetings, and the application will remember the last greeting you used and keep bringing it up.
1136	RESOLVED	11/05/2009	4.0.5	Customer Merging	FIXED	Made New Customer Merging Changes	Added some new features to the customer merging window. The customer can now select all customer records as an option and do their own sorting to find duplicates. They can also see the first and last year rented and the customer status of each record. These fields are also updateable, so any changes made prior to merging will be saved first and then merged. If the customer records have reservations the first and last year rented are determined from those reservations which were checked in or out. If the customer records have no reservations the first year and last year rented are determined by the minimum first and last year rented of all the merged records.
1118	RESOLVED	10/05/2009	4.0.0f	Customer	FIXED	Add customer status, first year, last year to duplicates merging	Done
1132	RESOLVED	11/04/2009	4.0.5	Email and Word Doc Creation	FIXED	Error starting application when PDF not installed	Fixed
<b>Release Version: 4.5.0</b>
