

Axis Property Manager Release Notes for Release 4.9.12

Created: 01/20/2011 11:08 pm

Bug Id	Bug Status	Bug Created	Curr Version	App Component	Bug Resolution	Bug Desc	Release Notes
Release Version: 4.9.12							
1255	RESOLVED	08/24/2010	4.9.11	*General Application	FIXED	One to One swap of same room type messes up count for internet reservations.	Fixed as trigger only, no code changed needed
1264	RESOLVED	10/14/2010	4.9.11	Reports	FIXED	Added new ability to gather mailing labels from properties with reservation data	
Release Version: 4.9.12c							
860	RESOLVED	03/31/2008	3.4.0	Reservation Detail Tabpage	FIXED	Set the room preference on the reservation creation tabpage	When creating a reservation the user can now specify the room preference from the first screen
1282	RESOLVED	01/20/2011	4.9.12	Reservation Detail Tabpage	FIXED	Added room number filter on pick rooms and rates	The user can now type a direct room number into the pick rooms and rates window. It will filter based upon any shorter version of the room number. For example, if the user specifies '4' as the room number, all the room numbers that begin with '4' will show. The user will have to hit the 'Go' button beside the field to enact the filter. If the user clears the filter and hits 'Go' the room number filter will clear totally.
1283	RESOLVED	01/20/2011	4.9.12	Create Reservation	FIXED	Expanded room type selection window	We expanded the room type selection window to display the max number of people and rated columns as well as adding the property value for the room type popup on the room chart and the pick rooms and rates window.
1284	RESOLVED	01/20/2011	4.9.12	Rates	FIXED	Added update multiple rates on the rates window	The user can now select a node in the rate tree of the rate window and right click to find 'Update Multiple Rates'. This function will bring up a popup window so the user can update all rates with that node and every child node under it and update the start and end dates in a batch. This comes in real handy if the user wants to copy last year's rates and then move them a day or so to correspond to the follow year calendar.
1276	VERIFIED	01/05/2011	4.9.11	Reservation Detail Tabpage	FIXED	Reservation Detail Switching Dates Bug	Here is how to reproduce switching dates bug in reservation detail. 1. Put in reservation in 2 steps for a room switch. 2. Save reservation, 3. change end date on reservation immediately, 4. the dates will not appear correctly on the right side, 5. If clicking cancel and back in again eventually the start and end dates, will open up and if the user changes them will hammer up reservation.
